

50 books may sound like a lot, but if your child hears just three stories each day and comes to one story time a week, they can finish this card in two weeks! Establish the reading habit early, track your progress this summer and continue tracking in September with the 1000 Books Before Kindergarten challenge to continue earning prizes.

Cross off a picture for each book you read with your child! Place your sticker here.

Congratulations for joining the summer reading program! Your child can earn prizes just by listening to stories and tracking them with this sheet. Does your child insist on reading the same story every night? No problem! Mark a picture every time you (or someone else) reads it to your child! Make reading a family tradition in your house.
